

Senior/Lead Java Developer (m/w/x)

FULL-TIME

We are looking for Java Developers to work with one of our clients, a leading international consulting and IT service provider. In this role you will have the possibility to work on a variety of projects from different, exciting fields (telecommunications, e-mobility, logistics) and with state-of-the-art technologies.

SCOPE OF RESPONSIBILITIES

- Responsible for team setup and people management
- Analysis of requirements together with customers or our international experts
- Design of high-performance, service-oriented SW architectures
- SW development using agile methods with strong focus on CI/CD
- Support of our customers by extensions, (product) maintenance or DevOps
- Supervision and coaching of team colleagues

THE TECHNOLOGIES WE USE

Java 8+, JEE, Spring Framework, Maven, Git, Node.js, Angular, Cucumber, Messaging Solutions (Kafka), REST, Google and Azure Cloud, Docker, Kubernetes.

WHAT ARE WE LOOKING FOR

- Passion for creative and sustainable qualitative software solutions
- Fast comprehension and interest in learning and using new technologies
- Good knowledge of software design and architecture
- Your colleagues come to you if they cannot solve a technical problem
- "It works" alone is not enough for you, "how" and "why" is equally important for you
- To advance your team counts for you as much as to advance yourself
- Software Craftsmanship, Clean Code, Unit Testing, TDD/BDD, Pair Programming, Code Reviews, DevOps
- Good written and spoken English skills, nice to have: German skills

WHAT WE OFFER

- B2B contract or contract of employment
- Flexible working hours and possibility to work remotely
- Competitive compensation
- Interesting and challenging projects in an international environment

- Long-term career and development opportunities
- Office in an attractive location based in Bratislava

Are you interested in working in a dynamic team? Do you like creative freedom and enough space to develop yourself? Are you looking for a company that cares about what it does and the well-being and happiness of its employees? Then you have come to the right place, and you'll love working for METIQ!
