NodeJS, TypeScript and React Developers (m/w/x)

FULL-TIME

We are looking for software developers with focus on either frontend or backend, to work with one of our clients, a leading international consulting and IT service provider. In this role you will have the opportunity to work on projects for international telecommunication companies and with state-of-the-art technologies.

SCOPE OF RESPONSIBILITIES

- Software development using agile methods with strong focus on CI/CD
- Implement service-oriented SW architectures, new features or modules based on user stories
- Support quality assurance with issue analysis and resolution
- Coaching of less experienced team colleagues

THE TECHNOLOGIES WE USE

Java, NodeJS, TypeScript, React.

WHAT ARE WE LOOKING FOR?

- Bachelor or master's degree in computer science, engineering, or a related subject
- Minimum 3 years of experience in software development
- Experience with one or more of the following technologies: NodeJS, TypeScript, React
- A passion for creative and sustainable qualitative software solutions
- Fast comprehension and interest in learning and using new technologies
- You are open to solve technical problems with your colleagues
- "It works" alone is not enough for you, "how" and "why" is equally important for you
- To advance your team counts for you as much as to advance yourself
- An interest in software craftsmanship, clean code, unit testing, TDD/BDD, pair programming, code reviews and DevOps
- Good written and spoken English skills, nice to have: German skills

WHAT WE OFFER

- B2B contract or contract of employment
- Flexible working hours and possibility to work remotely
- Competitive compensation
- Interesting and challenging projects in an international environment
- Long-term career and development opportunities
- Office in an attractive location based in Bratislava

Are you interested in working in a dynamic team? Do you like creative freedom and enough space to develop yourself? Are you looking for a company that cares about what it does and the well-being and happiness of its employees? Then you have come to the right place, and you'll love working for METIQ!
